

Faculty User Manual

Notes Application

INTRODUCTION

Welcome to the Faculty User Manual for the **Notes Application**. This comprehensive guide provides step-by-step instructions for accessing and managing course content within the system.

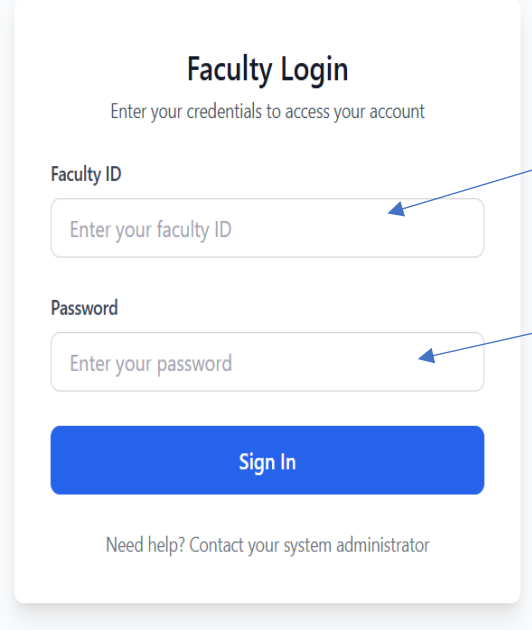

The Notes/LMS application streamlines the process of creating, organizing, and delivering course materials to students. With an intuitive interface and powerful features, you can efficiently manage multiple courses, upload content, and organize topics with ease. This manual serves as your complete reference guide for maximizing productivity and ensuring smooth operation within the platform.

SYSTEM ACCESS & LOGIN ACCESS

Behaviour:

- If already logged in → Redirect to Dashboard
- If not logged in → Redirect to Login page

Registration and login page

The image shows a 'Faculty Login' form with the following elements:

- Faculty Login** (Section Header)
- Enter your credentials to access your account (Instructional text)
- Faculty ID** (Label)
- Enter your faculty ID (Input field)
- Password** (Label)
- Enter your password (Input field)
- Sign In** (Button)
- Need help? Contact your system administrator (Footer text)

Annotations with arrows point to the input fields:

- (Enter your Id) points to the Faculty ID input field.
- (Enter your password) points to the Password input field.

FACULTY DASHCBOARD

After login, you will see the dashboard.

Dashboard features:

- Add Course
- Search Course
- View all created courses (displayed below)

COURSE MANAGEMENT

To add a course:

1. Enter course details in form
2. Create course

After adding:

- Course appears in the list below
- Each course has options:
 - Delete Course
 - Manage Topics

Faculty Dashboard

DashboardLogout

Create New Course

Course Name

e.g., Introduction to Computer Science

Course Code

e.g., CS101

Teacher Name

e.g., Dr. John Smith

Department

e.g., Computer Science

Class

e.g., Year 1, Semester 1

Create Course

Q Search courses...

Theory of computation

Code: CSA634

Instructor: Sanjiv kumar

Manage TopicsDelete

MANAGE TOPICS

Inside each course, click "Manage Topics"

You will get two options:

1. BULK TOPIC UPLOAD (EXCEL)
 - **Upload an Excel file**
 - **File must contain a column named: topic**
 - **Only topic names should be listed**

Important rules:

- Column name must be exactly: topic
- Duplicate topics will NOT be added
- System automatically filters duplicates

2. SINGLE TOPIC ADD

- Enter topic name in text field
- Submit to add individually
